

"Be Secondary Ready" St Patricks April Half Term Challenge

Have a go at completing these challenges below over the Easter holidays. They will all help you to build the skills that will help you when you arrive at secondary school.

1) Be Organised

In secondary school, you have a Homework Diary to stay organised. Can you write a plan for this half term with a different thing planned that you enjoy each day. Plan when you will do it and how long you will spend on it.

2) Be Independent

Take on a new chore at home this Easter to help the adults in your household. For example you could do the pots after tea or clean your bedroom without being asked!

3) Be Optimistic

Think about what you would like to try and get involved in at Secondary School. The school performance? The Choir? School Council? Liturgy Group? Sports Teams? There is so much opportunity and fun to be had if you get involved!

2) Be Kind

No matter what, always be kind. Always think about what you say so you do not hurt other people's feelings. Can you carry out some random acts of kindness this half term?
