What is the difference between a Biography and an Autobiography?

A biography is a text written by a person about someone else.

An autobiography is a text written by a person about themselves.

Autobiography means writing about yourself:

“Auto” comes from the Greek word for “self”

“Bio” comes from the Greek word for “life”

“Graphy” comes from the Greek work for “I write”

So an autobiography is the story of the author’s life.
