

Year 10 into 11 Summer Work 2025: all work must be completed by the first week back in September

Subject	Details of work set	Other important information
Mathematics	Pupils have been given the QLA for their End of Year Assessment, which informs them of where they were successful and what topics they need to work on. Each question has a corresponding MathsWatch Clip to support them in becoming more successful. Pupils should be watching the videos and answering the interactive questions that accompany them, as directed by their class teachers. Treat the QLA like a checklist and tick off topics as you complete them.	This is an ongoing task and teachers will look at your progress with this when you return in September.
English	1. Complete the Seneca work on <i>Macbeth</i> and <i>A Christmas Carol</i> . 2. Complete additional work set by your class teacher e.g. reading, planning, writing or revision activities.	Seneca work will be due by the Thursday of the first week back (September 4th)
Science	Complete the following sections of your white workbook: B1, C1 and P1	Due Wednesday 10 th September.

Computer Science	<p>1. You are to complete the Python booklets you have been given, and the exam style questions. Ensure you are familiar with the fundamentals of programming.</p> <p>2. Ensure you have revised the lesson slides covered this year and completed all of the white book sections for Networks and System Architecture.</p> <p>3. Look at the white book section on data representation and revise the blue book as we will be completing this module when you return in September.</p>	Due in the first lesson back – please ensure you bring all relevant booklets with you to the lesson.
Music	<p>1. You are to complete the listening booklets. The audio for each question is on our Google Classroom Page</p> <p>2. Complete the two True and False Tests in the Africa Activity Booklet. You can use the Knowledge Organiser in the booklet and on google classroom to support you with this.</p>	Due to be completed by the Monday of the first week back. Bring all booklets with you to your first lesson.
Art	<p>1 -You are to create 3 x detailed drawings of close up studies of architecture. You can work in any media of choice. You must remember to focus on the quality and detail of your drawings, blending colours and adding tone. The task and examples of past pupils are available on Google classroom.</p> <p>2 - Collect 2 pages of artists (14 different ones in total) that are inspired by architecture and their local environment. You can use the names of artists from your brief and find additional ones that you like.</p> <ul style="list-style-type: none"> • Make sure the artist name is below the picture 	<p>The task set MUST be completed for the first week back in September.</p> <p>Refer to Google classroom for examples</p>

Year 10 into 11 Summer Work 2025: all work must be completed by the first week back in September

Photography	<p>🔦 Theme: Architecture from Different Viewpoints</p> <p>Explore the rich and varied architecture in and around Manchester. Use your camera or phone to experiment with creative angles, perspectives, and compositions.</p> <p>Task 1: Scouting & Planning (30 minutes)</p> <p>Task 2: The Photo Shoot (90 minutes)</p> <p>Task 3: Selection & Annotation (45 minutes)</p>	<p>📌 Submission Instructions</p> <p>Bring your 6 final photos (with captions) and your location notes/sketches in the first week back. Present digitally in a slide show and submit via Google Classroom. Be prepared to talk about your favourite photo and how you captured it.</p>
PE	<p>Pupils are to complete their OCR GCSE (9-1) Revision Booklet for Paper 1. Pupils should use a range of examples from their own sport and a range of sports of their own choice. You don't have to just use the examples off page 3 of the booklet.</p>	<p>This must be completed by the first week back in September. Use BBC bite size to help complete this task.</p>
Health & Social Care	<p>Complete the BTEC Tech Award Component 2 Task 1 Test Booklet in preparation for you PSA next year.</p>	<p>Due to be completed for the first lesson back.</p>
3D Design	<p>Model/Prototype production. Pupils will think about their design ideas and try making a model of them using household waste cardboard. Once their model is finished they should take pictures of it from different angles and print them out if needed to add any changes they feel need to be made for it to work/function better. There are 3 stages to the work/challenge and it is scheduled to become active on Google Classroom on Monday 14th July.</p>	<p>Hard copies to be given out in class before the end of July.</p> <p>Google classroom tasks scheduled to go live on 14th July.</p> <p>Cardboard available for pupils to take with them upon request.</p>
Construction	<p>Complete the research task set - supermarket design. Worksheets will be printed and handed out in class to be completed over the summer. It is also expected that you will take your own photographs of a small supermarket ready to print out on our return to school.</p>	<p>This work links to the design task that students will sit in November which is worth 30% of their final grade for Construction</p>
Hospitality & Catering	<p>Complete the nutrition task on Microsoft Teams or by hand, (called Summer Work). This task focuses on the macro and micro nutrients that you need for the first part of your assessment for when you return in September. Once you have completed it you need to revise it as you will not be allowed to take notes in the assessment with you.</p>	<p>Microsoft Teams Catering group.</p>
