5:15pm	Art	Psychology	3D Design	Construction	Drama	PE	Enterprise & Marketing	Creative iMedia	Dance	Geography

CORE SUBJECTS: RE, English, Maths and Science teachers will be available on the ground floor to speak to if you have any questions about the content or requirements of these subjects at KS4.

We would advise pupils and parents to aim to see as many different subjects as possible on the evening – even if pupils are not currently considering the subject as an option. We want all of our pupils to make fully informed decisions based on which subjects are most suited to them, their interests, and their strengths. Please also make sure you have read through the subject information booklet in advance of the evening.
