

## Foundation Revision List June 2026

Number	Clip
Fractions, Decimals, Percentages	85
Order a list of numbers	2
Evaluate a numerical expression	75
Factors, Multiples, Primes	28
Round to the nearest thousand	31
Order decimal numbers	3
Find a fraction of an amount	72
Word problem involving money	22a/22b
Round to the nearest whole number	31&32
State the percentage of a shape that is shaded	40
State the value of a digit in a number	1
Squares, Cubes and Roots	81
Word problem involving money	22b
Word problem involving ratio	107
Identify equivalent fractions	25
Subtract fractions	71
Word problem involving percentage decrease and money	108
Word problem involving percentage	86
Find the reciprocal of a fraction	76
Order a list of fractions, decimals and percentages	85
Word problem involving money, fractions and percentages	72&108
Word problem involving fractions, money and algebra	72
Write a number as a product of its prime factors	178
Find the HCF of two numbers	79
Word problem involving money	22a/22b/88
Standard Form	83
Word problem involving fractions, percentages and money	85/86
Use a calculator to evaluate a numerical expression	77
Round to three significant figures	90
Word problem involving lowest common multiple	80
Word problem involving compound interest	164

Data Handling	Clip
Averages from a list	62
Use simple probability	59
Use a probability scale	14
Complete a pictogram	16
Two Way Tables	61
Draw a pie chart	128a
Frequency Trees	57
Word problem involving value for money	42
Probability Tree Diagrams	151
Use a probability table	125
Scatter Graphs	129/159a
Complete and use a probability table	59

Ratio and Proportion	Clip
Metric conversion	112
Use a conversion graph	107
Word problem involving ratio	165c
Word problem involving a recipe	39
Word problem involving ratio	38
Share money in a ratio	106

Algebra	Clip
Solve a one-step equation	100
Coordinate Geometry	8
Draw the line of a given equation	96
Simplify an expression	7 and 131
Simplify an expression	33
Continue a sequence	37
Continue a sequence	102&103
Explain why a number is not part of a sequence	102
Substitute into an expression	95
Solve a pair of simultaneous equations	162
Find the midpoint of a line segment	133
Draw a straight-line graph	96
Use a word formula	95
Write down a formula	137
Change the subject of a formula	136
Identify what is wrong with a given graph	161
Simplify an expression that involves indices	131
Expand and simplify double brackets	134b
Solve an inequality	139
Solve an equation	135a
Factorise a quadratic	94
Find the turning point of a quadratic curve	160
Estimate the solution of an equation using a quadratic graph	98

Shape and Space and Measures	Clip
Draw a rectangle on a grid	9
Name a given polygon	10
Find a bearing	124
Rotate a shape	49
Find the size of an unknown angle	123
Time	6a
Draw a mirror line	48
State the scale factor of an enlargement	148
Word problem involving weight	112
Word problem involving area and money	53
Draw a shape given the plan and elevations	51
Word problem involving metric capacity conversion and time	112
Find the size of an unknown angle	45&121
Draw a locus	146
Find the surface area of a cube given its volume	114a, 115
Compound Measures	142
Find the perimeter of a trapezium	150ab/52
Geometric problem involving a trapezium and unknown angles	137
Find the length of a side of a right-angled triangle	168
